Dear Sir,

We are grateful for the meticulous planning, engineering expertise, and tireless efforts put by M/s Pickrenew Energy Pvt. Ltd. in development of **5 MW (7MW-DC)** solar power park at Village Khadi, Tehsil Polaykalan, District Shajapur.

Under your marvellous suggestion to sell units on the energy exchange platform has worked out well, and we are getting very good rate! It's always great to see that the advice provided has a positive impact. Also our solar power plant is reducing our carbon footprint and contributes to a greener future for generations to come.
